

Utilstop - Task #1973

Create a table view for the application

08/30/2024 09:43 AM - Abhigyan C

Status:	In Progress	Start date:	08/30/2024
Priority:	High	Due date:	09/03/2024
Assignee:	Aarthi Sharma	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	15.00 hours
Description We need to create a table view for the application. As most of the data once created will be listed in a table, we need to create a table view the same so that we can use the same view wherever applicable.
